Re: Kensington Lane Townhouses

Dear Ms. Thornber:

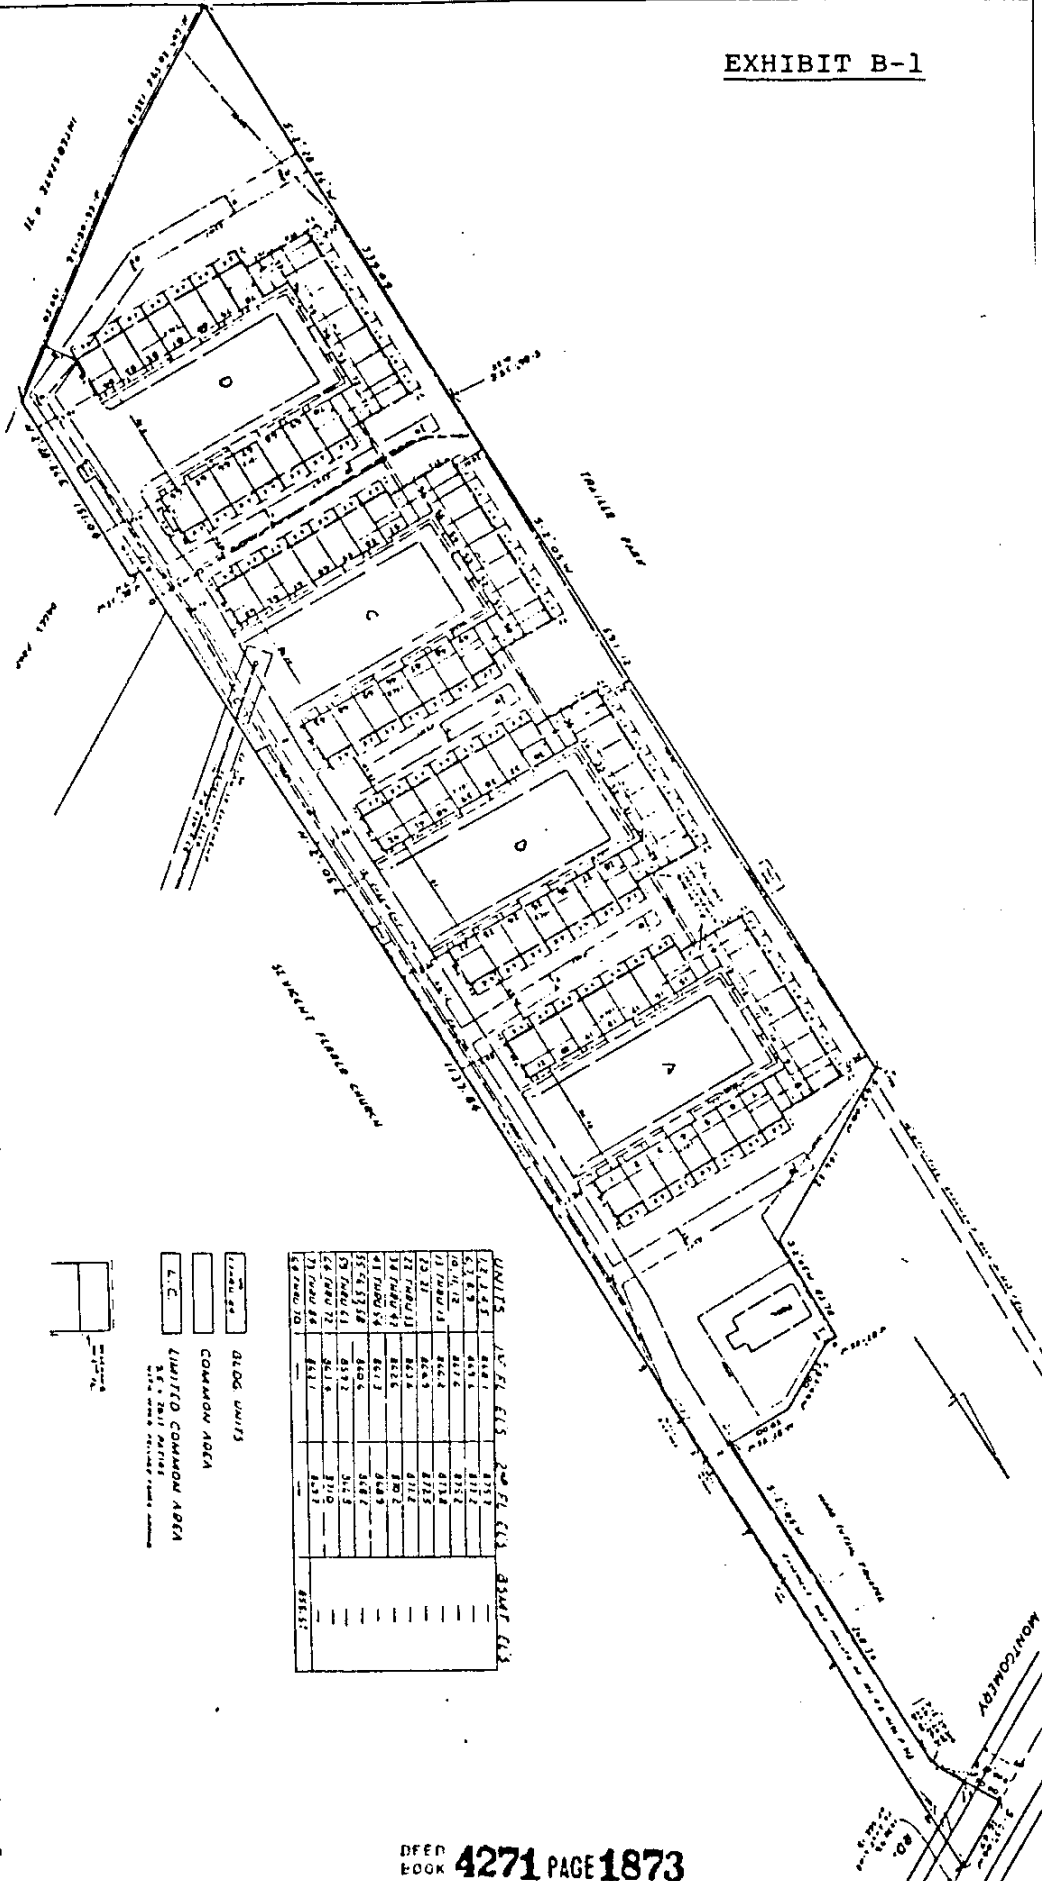

ZBA senior professional staff have conducted a walk-through inspection of the Kensington Lane Townhouses properties at 7752 Montgomery Road, Cincinnati, Ohio (built 1968-1969) per your request of August 31, 1983. Two living units were selected as typical and were visually inspected in detail. All other living units are considered to be in the same general condition. The entire site was walked and exterior building elevations and roofs were observed. Data gathered during the inspection was reviewed by the ZBA team and in our considered judgment there are no major problems in the structural, mechanical or electrical systems exposed to-view. Observations made during the walk-through are as follows:

## A. GENERAL

Kensington Lane Townhouses is an 84 townhouse facility with 21 two-story townhouses in each of four "U" shaped buildings. Each building contains 17 three-bedroom, two four-bedroom and two five-bedroom rental units. All buildings front onto an exterior open parking area. The four building courts open in turn to a service road which runs along one side of the property line.

## B. GENERAL CONSTRUCTION

Description: Each living unit is two story in height with entrance at grade. The first floor construction is concrete slab on grade and the second floor wood framing with hardwood finish. The walls are wood stud, sheathing with exterior face brick, stone or siding. The roof consists of a stick-built wood frame with roof sheathing and asphalt shingles. The interior walls and ceilings are painted, gypsum drywall. Entrance doors are hollow metal and interior doors are flush hollow core wood construction. Windows are aluminum sliding type with screens.

Recorded to change the name of the condominium from Kensington Lane Condominium to Kenwood Greene Condominium.

WE CERTIFY THAT THIS DRAWING SHOWS ACCURATELY THE LAYOUT AND LOCATION OF EACH UNIT AND COMMON AREA AND DIVISION AS CONSTRUCTED OR TO BE CONSTRUCTED IN KENSINGTON LANE CONDOMINIUM.
